## ACCOUNT DISCLOSURES

Except as specifically described, the following disclosures apply to all of the accounts. All accounts
described in this Truth-in-Savings Disclosure are share accounts.

1. RATE INFORMATION - The annual percentage yield is a percentage rate that reflects the total amount of dividends to be paid on an account based on the dividend
rate and frequency of compounding for an annual period. For Membership Savings, Savings, Youth Savings, Christmas Club, Funeral Trust Savings, Mortgage Savings, Money Market Savings, Money Market Checking, Achieve Money Market, Preferred Checking, Select Checking, Volunteer Select Checking, Health Savings Checking, and Adds Up Checking accounts, the dividend rate and annual percentage yield may change at any time as determined by the Credit Union's Board of Directors. The dividend rates and annual percentage yields are the rates and yields as of the last dividend declaration date that is set forth in the Rate Schedule. Money Market Savings, Money Market Checking, Achieve Money Market, Health Savings Checking, and Adds Up Checking accounts are tiered rate accounts. The balance ranges and corresponding dividend rates and annual percentage yields applicable to each tier are disclosed in the Rate Schedule. For Youth Savings, Money Market Savings, Money Market Checking, Achieve Money Market, and Health Savings Checking accounts, once a particular range is met, the dividend rate and annual percentage yield for that balance range will apply to the full balance of your account. Youth Savings accounts are tiered rate accounts. You will receive a higher yield on your daily balance on the first $\$ 2,500.00$. For balances over $\$ 2,500.00$ you will receive a minimum yield which is listed on the Rate Schedule. Adds Up Checking accounts are tiered rate accounts. You will receive a higher yield on your daily balance on the first $\$ 15,000.00$ if the following qualifications are met: 1) you direct deposit your primary source of income; 2) you receive eStatements; 3) you complete 15 or more posted merchant purchases (point of sale transactions) with a WESTCheck debit card during the statement month. The higher yield is listed on the Rate Schedule. Balances over \$15,000.00 and if all qualifications are met will receive a yield which is listed on the Rate Schedule. Each dividend rate will apply only to that portion of the account balance within each balance range. If you do not meet all of the qualifications during a statement month, you will receive a minimum yield which is listed on the Rate Schedule.
2. NATURE OF DIVIDENDS - Dividends are paid from current income and available earnings after required transfers to reserves at the end of the dividend period.
3. DIVIDEND COMPOUNDING AND CREDITING - The compounding and crediting frequency of dividends and the dividend period applicable to each account are stated in the Rate Schedule. The dividend period is the period of time at the end of which an account earns dividend credit. The dividend period begins on the first calendar day of the period and ends on the last calendar day of the period.
4. ACCRUAL OF DIVIDENDS - For all earning accounts, dividends will begin to accrue on noncash deposits (e.g. checks) on the business day you make the deposit to your account.
5. BALANCE INFORMATION - To open any account, you must deposit or already have on deposit the minimum required share(s) in a Membership Savings account. Some accounts may have additional minimum opening deposit requirements. The minimum balance requirements applicable to each account are set forth in the Rate Schedule. For Achieve Money Market, Select Checking, and Adds Up Checking accounts, there is a minimum daily balance required to avoid a service fee for the dividend period. If the minimum daily balance requirement is not met during each day of the dividend period, you will be charged a service fee as stated in the Fee Schedule. For Select Checking accounts, there is a minimum daily balance required to earn the annual percentage yield disclosed fo the dividend period. If the minimum daily balance requirement is not met each day of the period, you will no earn the annual percentage yield stated in the Rate Schedule. For accounts using the daily balance method as stated in the Rate Schedule dividends are calculated by applying a daily periodic rate to the principal in the account each day.

For Youth Savings accounts, you are limited to one Youth Savings account, regardless of multiple membership accounts.
